Question 01

Explain, as precisely as you can, how to move the figure to the position in the next frame.

From Frame 1 to Frame 2:

Slide the figure down. But we need to say how far?

From Frame 2 to Frame 3:

Turn the figure left. But how many degrees?

From Frame 3 to Frame 4:

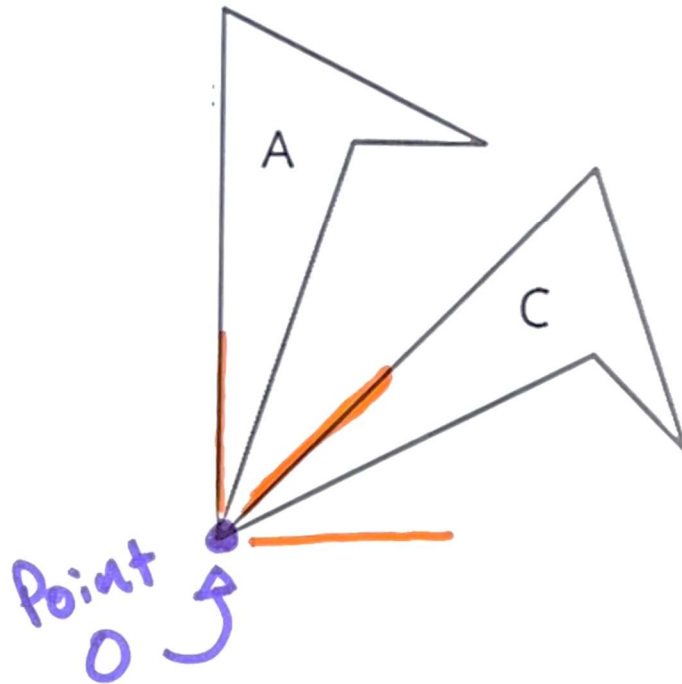

Slide the figure up. But we again need to say how far?

Lesson 1-1

* The point is being precise is difficult!

Question 02

Explain, as precisely as you can, how to move Figure A to form Figure C.

Turn Figure A to the right
(clockwise) 45° around
Point O.
